Chester Fox tries to keep warm while bringing shopping carts in from the parking lot at Kroger.

"Was that a Whopper with or without cheese?"

REDSKINS AT WORK

**Takin' what they're given, cause
they're workin for a liven**

As we all know, being a teenager in the 90's is not an easy thing to be. A weekly allowance from parents just doesn't cut it anymore.

A job gives an adolescent the chance to show that he or she is responsible. It prepares them for working life after graduation. But most importantly, it allows students to

make major cash.

Most of the jobs out there are lousy and pay is equally bad. Many teenagers work at fast food restuarants such as Burger King, Hardee's, and of course, McDonalds.

There are however, a few lucky students. Students in C.O.E. and I.C.T. are given the chance to have jobs. They work in office buildings and department stores.

But any way you look at it, the students are doing it for the money. When the weekend comes, the students are ready to have fun.

The Night Life

"It's Party Time"

All week long students study hard in their classes. They go home, do homework, or even go to work.

The week is exhausting, and students can't wait for the weekend. When Friday comes, a sigh of relief is heard throughout the school at the sound of the 3:30 bell.

There are a variety of things to do on a Friday or Saturday

night. Movies are always the favorites of couples. There are a number of sporting events with anything from tennis to monster trucks.

Then again, if you are tired of the same old same old, you can always go cruisin'. The "strip," the Circle, and 38th Street are some of the most popular places to cruise.

When you wake up on Monday morning and realize that you have got to go to school, just remember: Only 5 more days until the weekend.

by David Milburn

"Finger licking good." Mr. Swinford and friends eat the days catch.

Jenny Fidler and Kim Benedick at "Old Indiana" fun park having a great time.

The Math and Science club on the road to Chicago.

Summer Time

Fun in the Sun

Summer time is the time when students are free to do anything they wish.

Students go on vacation, go to work, or just sit around the house.

Many students go on vacation to the Southern states. Florida is a favorite for many.

Summer time is also an opportunity for some to get a little extra cash at their job.

Then again there's the best part of the summer: just sitting around the house and not having to do anything.

Any way you spend your summer, it's gotta be better than being in school.

by David Milburn

"Hey, Tonja, ready to party?" "Sure Jenny, I just hope I'm not smiling too big". Jenny Lakstins and Tonja Hughes hit the party scene.

Brea Middleton and her two aunts with members of a Washington D.C. minor league baseball team.

Who's the Judge?

CURRENT EVENTS

the days in the life of the world

Supreme Court Judge Clarence Thomas was one of the most popular people in the media in the later part of "92". Judge Thomas was accused of sexual harrassment by a former business associate.

In order to become the next member of the Supreme Court, Thomas would have to be found innocent by the senate first. The entire trial was televised across America and after a week of hearings, Thomas was found innocent.

Clarence Thomas was sworn in and became the second black man to be on the Supreme Court.

by David Milburn

William Kennedy Smith, all in the name

Nobody really knows what happened between William Kennedy Smith and the alleged rape victim last Easter weekend on March 30, 1991. It is agreed that they met at the infamous "Au Bar" where they talked, danced, and left for the Kennedy family's ocean-side home.

Because William Kennedy Smith is a part of the infamous Kennedy family, the trial took

the place of many daytime soaps and was watched with eager eyes as the trial unfolded.

The trial was full of tears, "I don't know," and a parade of specialists on rape. Although the alleged victim put up a good fight, William Kennedy Smith came out on top and won.

by Wendy Linville

IPS beefs up security

Metal Detector came about because too many kids are carrying weapons to school. I think it was a very good idea. It cuts back on most of the shooting and stabbings of our teenagers.

I think the system needs to get a little better, they need to put up Metal Detector at each and every door. Teacher and or Security needs to be at each station. This way it would not take so much time to Detect for weapons.

by Brandon Ford

Pee-Wee Herman, caught in the wrong playhouse

Saturday morning T.V. star Pee-Wee Herman (A.K.A. Paul Ruebens) was arrested in a porn theater last summer and charged with indecent exposure.

Since the incident, Herman's Saturday morning show on CBS had been pulled, media ridicule was heavy, and then the public decided to forgive Pee-Wee

and accepted him back with open arms.

One writer said, "He was arrested for finally reaching puberty."

Herman's response to this was, "Oh, that was so funny I forgot to laugh."

by David Milburn

No longer the USSR

Not many people knew of Boris Yeltsin until the Soviet Coup occurred in the fall of "92". In mid-October it seemed that Gorbachev, the President of the USSR was being overthrown by four members of the Soviet council.

This was going to be the end of glasnost. The members of the coup had the army close off the city. However, this plan back fired when the people rebelled against this act upon the leader of USSR.

Boris Yeltsin, the president of Russia, led the uprising of the people. Within a week, Gorbachev was back in office and the leaders of the coup were punished. But it didn't end there. Countries began to separate from the Soviet Union.

The current status of the Soviet Union is that there is no more Soviet Union. Several countries have joined together to form a unified nation; others have declared independence.

by David Milburn

Rodney King: some kind of Justice

Police brutality has been talked about for years, and on several occasions officers have been accused of murder. In California, last summer, an unsuspecting Rodney King was pulled over for speeding. The officers then proceeded to beat King for no apparent reason. It seemed like the officers had gotten away with what they had done. However, a week or so after the incident, a video tape of the beating was released.

It showed that several police

officers took part in the beating. It also showed that King was struck 54 times.

King has filed a lawsuit for 54 million dollars, a million for everytime he was struck.

The thing that was so amazing isn't that the police beat a man, but the fact that it was on video.

by David Milburn

Mike Tyson, the toughest fight of his life

The Mike Tyson rape trial really began last year in the month of July, when there was a Miss Black American beauty pageant held in Indianapolis. During the Black Exposition, the pageant contestant claimed to be raped by Tyson. She didn't report it until 24 hours after the incident occurred. The police thought the pageant was giving false information and did not report the incident. She claimed that Tyson left shortly after the rape happened.

If Tyson is convicted for the crime, he will be facing close to 63 years in prison. If he is not convicted, he may continue his boxing career and begin the match with Evander Holyfield. The trial is the biggest fight of his life. It will determine if he continues his boxing career or spends almost the rest of his life in prison. Who is telling the truth? The whole trial is based on Tyson's word against the pageant contestant's word. We will just wonder and hope for justice to be served as the trial goes on.

A joyous moment amongst the crowd.

Junior Prince Jamie Brickley and his Princess
Tonja Hughes dance the Royal dance.

Junior Princess candidates: Suzann Wilson,
Missy Leap, Tonja Hughes (Princess), Lisa
Duvall and Gina Allen.

PROM

everything comes together

On May 4th the Junior - Senior Prom was held once again at the Murat Shrine.

The theme of the 1991 prom was "Reflections" with the song "Unchained Melody" for the King and Queens dance.

The King and Queen for the Senior class were Brian Ganstine and Renee Berry. The Prince and Princess for the Juniors were Jamie Brickley

and Tonja Hughes.

Other candidates for the Senior King were: Marcus Taylor, Keith Ford, Doug Church and Alfonso Brown. The Queen candidates were Jenny Wood, Kim Rosa, Christina Mulliken and Patina Brown.

Junior Class Prince Candidates were: Stafford Woods, Matt Harrell, Chester Fox, and Eric Dickerson. The Junior Princess candidates were Suzann Wilson, Missy Leap, Lisa Duvall, and Gina Allen.

Cheerleaders pump up the crowd during the pep session on Thursday afternoon.

Faith Schmitt is buttoned up, while Holly Osborne is turned inside out on Wednesday.

David Chapman walks through the decorated halls of the school. The classes competed in decorating in which the senior and juniors tied.

SPIRIT WEEK

Manual pride is shining

As always Spirit Week allowed students to show their support and pride in the school.

Wednesday was inside-out and button day. This urged the team to turn the Broad Ripple Rocket's inside out and button them up.

Thursday was Manual jersey day. The students wore any shirt that had the Manual logo on it. Thursday was also

the day of the big pep-session for the school. The students went out to the football field. Then the cheerleaders pumped up the students and the team.

When Friday arrived the students were wearing red and white to show their pride in the school. Also the judging for the best hall decorations took place that morning. The senior and junior classes tied for first.

The school and team were definitely fired up for the big Homecoming game against Broad Ripple that night.

David Milburn

15

Carrie Johnson shows twice the spirit by being inside out and wearing buttons.

The Homecoming court : Stafford Woods, Thomas Bible , Eric Dickerson, Jason Nelis, Jimmy Doss, Brea Middleton, Tonja Hughes, Danielle Dabney, Jasmin Bosque and Gina Allen.

HOMECOMING

breaking through the lines

This year's Homecoming game against Broad Ripple was viewed by more than seven hundred and fifty spectators.

The Redskins did not allow a score in the first half. The second half on the other hand was a different kind of game all together. The Rocket's scored first in the third quarter. Manual retaliated by scoring minutes later. They then cap-

tured the ball in a fumble, which in turn led to a touchdown.

With less than ten seconds to go the Rockets tied the game. The Manual Redskins were defeated in over time by a score of 17-14.

During half-time activities the Homecoming King and Queen were crowned. The King was Eric Dickerson, and the Queen Danielle Dabney.

Other candidates for King were Jimmy Doss, Thomas Bible, Jason Nelis, and Stafford Woods. Queen candidates were Tonja Hughes, Gina Allen, Brea Middleton, and Jasmin Bosque.

"You're mine buddy!"

At the art booth Cindy Reed paints a design on a little girl's cheek.

Hail, the King and Queen! Doug Church, senior and sophomore, Loretta Mickens.

18

Renita Rogers prepares a booth for Pow-Wow.

POW-WOW...

wow! wow!

The 1991 Pow-Wow was once again a successful event as in the years past. The different clubs in school had some great booths which included, the ever popular jail; and the pie throwing booth; put on by the Publications committee, and a new booth called simply the "kissing booth" which was endorsed by the seniors.

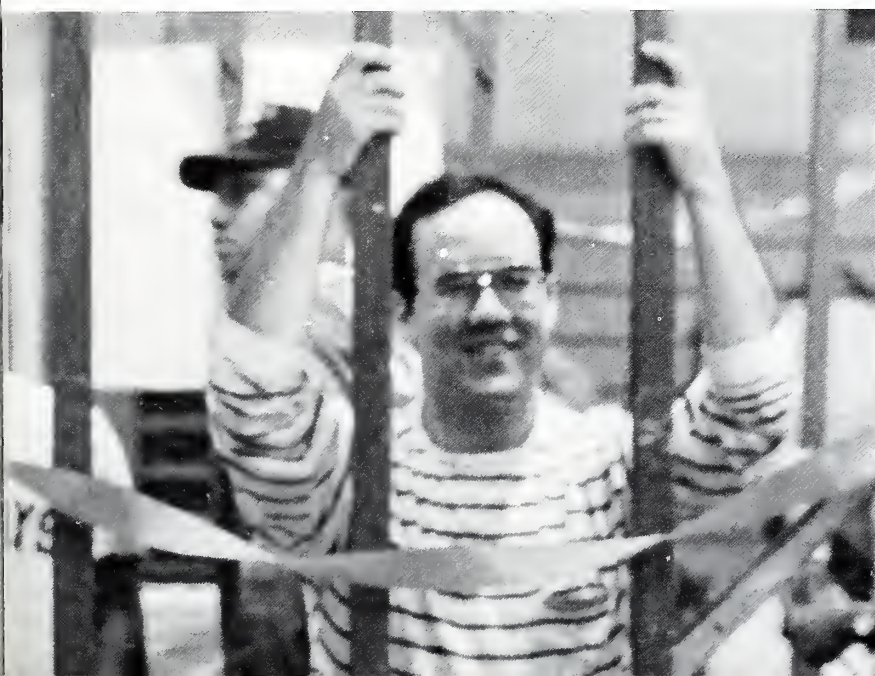

The King and Queen of Pow-Wow were senior Doug Church and sophomore Loretta Mickens. Other candidates were senior Jenny Wood, juniors Stafford Woods and Jasmin Bosque, sophomore Todd Davis, and freshman Muhammad Johnson, and Carla Johnson.

The 1991 Pow-Wow will be an event to be remembered by all who attended.

by David Milburn

Pow! Take that Mr. Whiteman.

Mr. Flis, in the "Big house."

"Please watch carefully we don't want anyone to blow up now would we?"

Mrs. Braden demonstrates how the risograph donated by Eli Lilly's is used

"Wow, look it's fizzing!"

Eli Lilly and Company

Partners in Education

A few years ago Eli Lilly and Company became Manual's partner in education. Within these few years Lilly has done a lot for the school.

Lilly has donated their time, money, and equipment. The science department has had several sessions in which Lilly has demonstrated "What Does a Scientist Do?"

Lilly has also provided computers and other equipment to the publications department and computer lab.

Students from the English department have viewed several plays which were made possible by Eli Lilly.

Eli Lilly's support has helped Manual in many different ways, and we thank them for their support.

by David Milburn

The Natural Helpers get together at least two times a year with other IPS schools for Snowball. Snowball is a lock-in that goes from Friday to Sunday. It is held in October and March. We have all different kinds of guest speakers come in to talk about different things. Some of the guests that have come to speak were from, a Narcotics division, Koala Center, and Methodist Hospital.

Snowball can be described as one big family. You meet a lot of new people and become friends with all of them. There are at least two hundred people that attend each snowball and it is held here at Manual.

When asked to describe Snowball, Mr Phillips said, "It's very unique and valuable program that I would encourage all students to take advantage of."

LITTLE SISTERS looking • up!

The Big Sisters-Little Sisters program at Manual High School is just another example of how Eli Lilly helps out students here at school.

Manual students are paired up with Eli Lilly employees through the Manual coordinator, Miss Mann.

The purpose is for the Big Sisters to attempt to influence the students to stay in

school, get good grades, and maintain a positive attitude in life.

Senior Kim Benedick says, "It helped me keep my grades up and improve my attendance."

The Big and Little Sisters go on numerous outings each year to places like Beef and Boards, and the Indianapolis Zoo.

Mr. Swinford shows off his bow and arrow as he prepares to go deer hunting.

Archery out • for • deer

One of the best kept secrets at Manual High School is its archery club. The club has been in existence for about 4 years and only has three members.

The club has two purposes. First it is to offer the opportunity for the students to participate in a sport which is rapidly sweeping the country and that is target archery. The primary purpose is to teach the

students skills needed for archery deer hunting.

Each year the members travel to state forest and game reserves to enjoy the sport of deer hunting. This year they are visiting Minniaha Game Reserve in Western Indiana.

Both boys and girls are welcome to join and they shoot every-day after school.

BLOCK "M" Athletes • Pride

Block "M" club is comprised of students who have earned an athletic award in a varsity sport.

In order to earn an "M" an athlete must excel in his or her sport. The first athletic award is the numerals of the year of the students graduation. The second is the Block "M", which is earned by getting four

letters. If the student earns a 5th letter he or she receives a Manual letter jacket.

These members work hard outside of school for their awards and should be complemented for their achievements.

by David Milburn

The athletes for the winter sports were announced and showed their moves during the winter Pep session.

Step back and let these guys show you how to step to the beat at the Homecoming Dance sponsored by Key Club.

Students in • the • work • force

The Vocational Program is one of many programs which the students here at Manual seem to love to be in. Miss Van Ness is the teacher who runs the program. She thinks that the program teaches responsibility among other things.

The program is set up to let the students involved get out of

school to go to a job. The students in the program go to school in the morning and get out after 4th or 5th period. After school is out, they go to their job. The students seem to love the program because they still get an education, while getting out of school half of a day and getting paid while they are in the program.

Tonja Hughes and Jennifer Lakstins smile big for the camera after visiting the zoo on Publication's Chicago trip.

Publication students pig out after the a presentation at an advertising agency in Chicago.

The IVIAN and the Booster staff pose for a picture after their visit to a major advertising firm in downtown Chicago. Later in the day the students went to the zoo and shopping.

44 Publications deadlines • deadlines!

Publications is made up of the Booster staff and the IVIAN staff. Both of these are better known as the newspaper and the yearbook.

The Booster staff is designed to write stories and produce the newspaper on the Macintosh computers. After the paper is typed on the computers they publish it themselves. The pa-

per is then distributed throughout the school by the staff members.

The IVIAN staff is set up in sections. Different people on the staff are responsible for many different things. Although the main objective is to design the yearbook and meet the deadlines required to have it published and ready for the students by May.

MOVING OUT, FINALLY

No, it's not like our Freshmen year where we were still looking at three more long years of high school. As the year goes on, realize this is our last year, our last prom, our last homecoming, and our high school sports are set aside. Take the time to let your friends know who they truly are and be able to recognize who yours are. As Seniors, we have had the time to reflect back on the past and realize our mistakes and know how to correct them.

After this year, we will be welcomed to the real world. Some of us are today's Seniors but next year's Freshmen in college; others will go out into the work force; some might join the Armed Forces. Whatever it is you choose to do, good luck and remember we are the class of '92'.

by Tonja Hughes

No, it's not Apple Pie.

What is A.P.? Well, A.P. stands for advanced placement. The class prepares college bound students for what lies ahead of them. It teaches R&R. No, it's not rest and relaxation, but it is reading and responsibility. Also, it prepares a person for the advanced placement test in college. If one passes this test, he/she can bypass college freshman English.

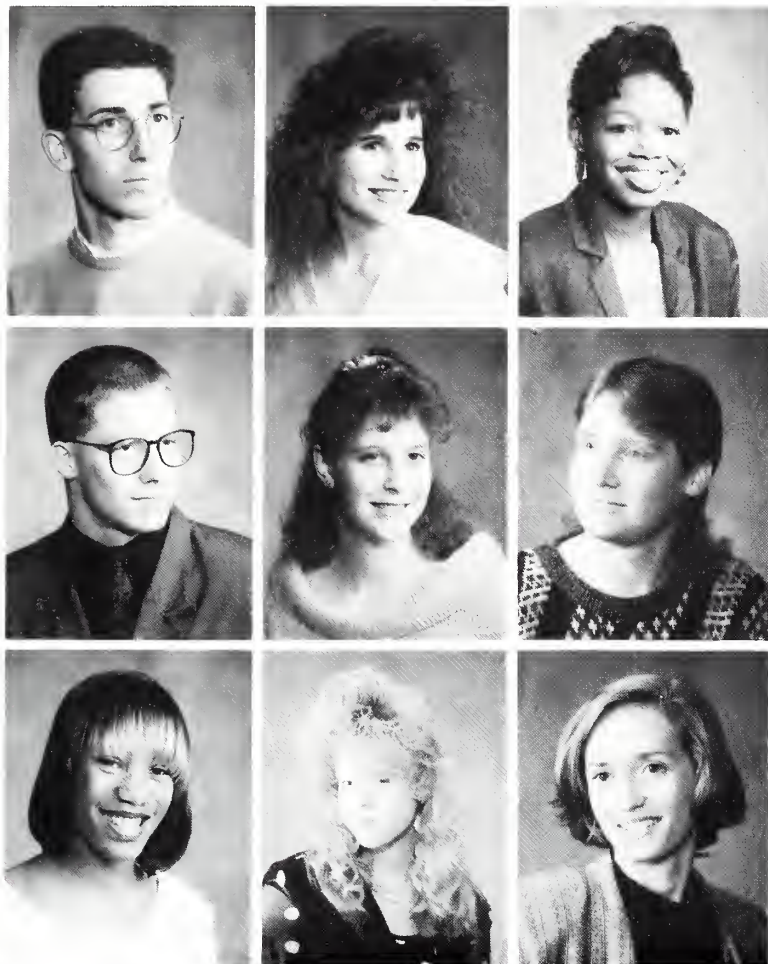

Mrs. Hammer teaches the A.P. English class and is on her second year teaching it. By the look on her face every day, one can tell she enjoys teaching the class and the new experiences she encounters. Also, the students enjoy her teaching the

class, and they enjoy giving her new experiences.

After asking A.P. students, I found most enjoy the class and find that Mrs. Hammer makes it easy to learn. There are also students, or should I say a student, who doesn't take the class serious.

"This is a truly boring class, but since it is an advanced placement class, you get to go on field trips. It's not bad once you really think about it," says George Wright. Well, what can one expect from George?

Here at Manual we have a Foreign Exchange Program that brings students from other countries to the U.S. They spend their senior year here with host families. This year we have the pleasure of becoming acquainted with Andres Bores. Andres is from a little town on the Spanish coast. In Andres' spare time he likes to play basketball and run.

Andres has a brother and sister back in Spain. He said, "I like America although I am homesick."

Overall, Andres is a typical high school kid who has goals and great expectations that he has set for himself.

Senior Excuses

Seniors at Manual are famous for their creative excuses for being late. We, at the IVIAN, were curious to find out what kind of excuses seniors used most often. This is what we came up with.

From the Publications office of Manual High school, comes the top ten excuses Seniors give teachers when asked, "Why are you late to class?"

by David Milburn

10. I had to wait for the smoke to clear so I could use the restroom.

9. My car lights were on.

8. The teacher held me after class.

7. My locker was broken into and I had to tell the Dean.

6. I was in the office talking to Mrs. Huck.

5. I'm not late. I'm early for tomorrow.

4. There was a train.

3. We couldn't hear the bell go off in our room.

2. My car was being checked for drugs.

...And thenumber one reply is.....

1. *I was downstairs. Do you have a problem with that?*

Messages from some friends...

As we approach our graduation day, I would like to congratulate each and every one of you for achieving this great accomplishment. As we look forward to this day, it is imperative that we reflect over the past four years that have carried us to this moment. By doing this, it helps us to remember the friends and teachers who have helped and educated us for the world that is yet to come.

During these past four years, everyone has had their ups and downs. We have made friends and we have made enemies, but no matter what happens in life, just hold your head up high and take pride in your work, wheather you are a trash collector or CPA. Be the best you can be. As we part, I wish you luck in any and everything you choose to do in life.

Remember: There is only one of you for all times, so fearlessly be yourself.

Senior Class President,
Danielle Dabney

It has been an exciting and educating experience for us these past four years. We have all had our ups and down, but thorough it all we have stuck together.

As we near graduation, the future is probably the most important thing on our minds, but it is also important to remember the past. But now is the time to make the most of the present. As we are preparing to leave for the world and make it on our own, always remember some of our best memories will come from high school.

So, enjoy the rest of the year, because these will be the best times of our lives. As we part and venture down our own paths, we wish all of you the best of luck in life and the future.

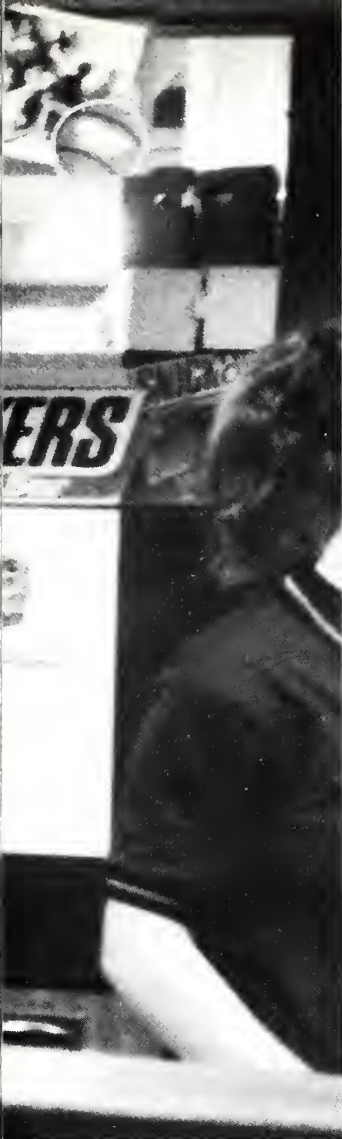

Your Valedictorian and Salutatorian,
Jimmy Doss and Chris Cummingham

MOVING UP

The class of '93 has a lot to be anxious about. Next year they will be "Seniors." As Juniors waiting for the day to be able to say they are upperclassmen, life seems to take forever. The year has been a good one: tying with the Seniors in the hall decorating contest, forming a great Junior council, and sponsoring yet another successful volleyball tournament.

The Juniors, as this school year progresses, should reflect back on their past years here at Manual High School. Juniors, realize your mistakes from the past, for example cutting or giving up in certain classes (especially if you don't like the teacher). Press next year and make it the best possible year. Good luck class of '93.

Dream, dream, dream...

Have you ever caught yourself day dreaming about the ultimate dream car? A little red Corvette or a pink Cadillac, or maybe an adventurous Ford Farelane? Here are what some Manual Redskins had to say about their "Dream Cars."

"I would love to have an electric blue Mazda Miata, or a red convertible Mercedes Benz or a BMW. Right now, I drive a pale blue Cutlass Ciara that I've wrecked about four times! I'll have my dream car one day... even if I have to live in it!"

Brea Middleton--12th

"I'd give anything for my dad's black and silver two tone JAG, but I won't ever get it because he won't give it up."

April Gaskins--11th

"My ultimate dream car is a little petite sports car, just like me."

Amy York--10th

"The ultimate dream car for me is a 1970 Pinto with a broken windshield."

Robert Lawson--10th

"I would love to have either a 1967 red Mustang with black interior or a white Monte Carlo Super Sport with a black T-top, but I guess I'll have to settle for my little gray 1981 piece-of-junk-fall-apart-Mustang."

Mandi Ott--10th

"I want a 1967 Dodge Charger, and I know I'll get it because there's not a great demand for it and it's affordable."

Dwayne Munden--10th

Getting a move on it

The Junior class officers have had a very busy year deciding on major activities for the junior class.

At the close of last year, the juniors selected Todd Davis as president, Tina Bowles as vice president, Loretta Mickens as secretary, and Tim Sutt as treasurer. These people have accepted the responsibility of leading their peers, never an easy thing to do.

The president decides on major things, and the vice-president assists

the president. But if there are any disagreements, all members of the council vote as a whole body. The treasurer takes care of the money, and the sponsors usually help keep track of it, too.

Normally, they vote as a group on things like prom themes, glasses, and keychains. The Junior class meets usually on Tuesdays. Although they are very busy, they get the job done.

STEPPING UP

As the sophomores progress in the school year of 1991-92, they are now feeling even better then they did a year ago. As they walked into the building as a sohpmore there was no longer the fear of someone calling you a freshmen or doing weird little pranks. Perhaps now they are looking ahead to a great Junior year.

As they move up a class, they will have several things to look forward to such as preparing for prom. This year is the first time ever for the sophomores to have class officers elected.

As this year draws to an end they will be looking at another year of high school, but this time next year they will be juniors. This is your graduating class of '94'.

Coming to America

At the beginning of the 1991-92 school year, Manual had the honor of enrolling two Armenian and three African students. The Armenian students are Carl Ambartsumyan (sophomore) and Garriy Ambartsumyan (freshman). The African students are Estefanos Gebrekidan (sophomore), Eyob Gebrekidan (freshman), and Fenot Gebrekidan (freshman).

Both the Armenian and African students are refugees from their countries. They came here to start a new life away from the national conflict in their countries.

When they came to America, they knew no English, but now, after a lot of

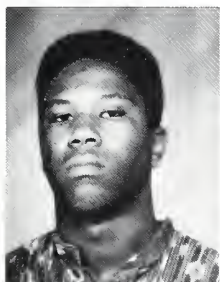

hard work and time, they could almost be considered fluent in their new language, English.

When asked about how they like America, they all said that they were very glad to have come to America. Carl Ambartsumyan said, "I waited two years for this, and I am very glad to have gotten away from all of the national conflict in Armenia."

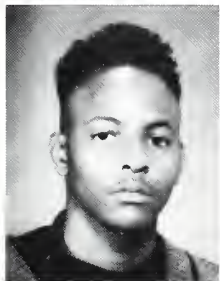

Manual is very happy to have Carl, Garriy, Estefanos, Eyob, and Fenot, and hopes that they have enjoyed the 1991-92 school year.

Are you a fashion slave?

"Are those Bugle Boys you're wearing?"

"Do I.O.U. something?"

"Are those jeans used?"

"Guess."

Which one of these are today's hottest fashions? Bugle Boy, I.O.U., Used, and Guess are just a few of the hottest fashions being worn in today's fashion trend. Not only are these the hottest trends in today's fashion, they're also the most commonly worn items.

Most people are conscious about what they wear and become mall rats in

search of just the right thing. Others, however, wear whatever someone gives them.

Your fashion statement can come from the pages of *Vogue* or the locker room of the Chicago Bulls. Speaking of the Bulls, do you own the hottest footwear in this decade? Having a pair of Air Jordans on your feet is the only way to travel. Some think that Air Jordans are to die for...literally.

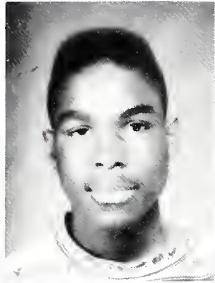

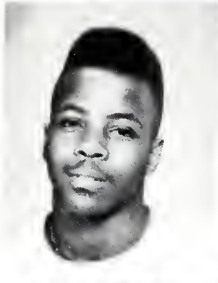

If you think today's fashions make a statement, wait until you see tomorrow's trends.

MOVING OUT...FINALLY

Freshmen, welcome to Manual High School. Set your fears aside; fears like walking into the wrong room, falling down the stairs, getting your books knocked out of your hands, and take time out to learn the school. It's not as bad as you thought.

As a freshmen, you will be making several decisions as to classes that may affect your future. Be wise and realize how important high school is. The decisions you make today might be the ones to put you through college or into the working field.

Work hard do your best and don't forget you will be the sophomores next year. To close with a piece of advice once given to me from my brother, "Be yourself and don't be a poser."

MAKING A DIFFERENCE

Teachers of today play an important part in the students lives. Teachers are viewed by their attitude and the ways they teach their classes, sometimes interesting or maybe just the teachers have good teaching techniques. The teachers of today have to be a teacher, a friend, and counselor.

The teachers of the 1991-92 school year are here to make a difference in the students. To all teachers and staff what you do is really appreciated by many. If it weren't for you there would be no Emmerich Manual High School.

The principal and vice-principals are also very important to the school system. Mr. Austin, Principal, Mrs. Bogard, Vice-Principal, Mr. Allen, Vice-Principal. The staff and teachers are all working together to make a difference.

by Tonja Hughes

107

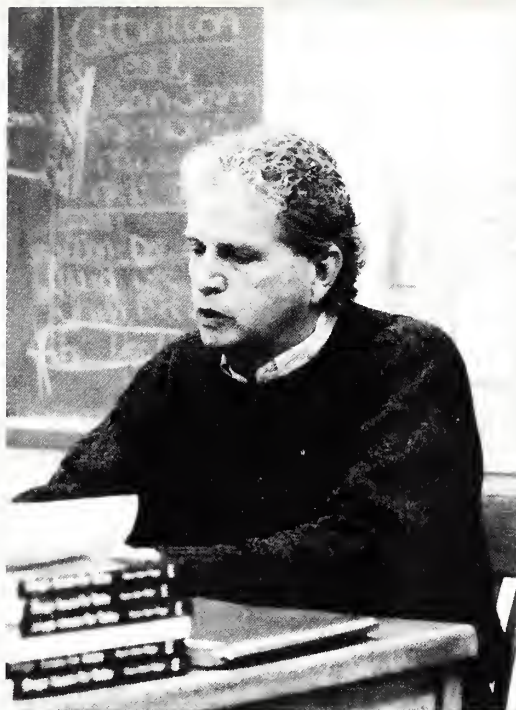

Mr. Snoddy writes out definitions on the chalk board for his English classes.

Mr. Belser pats Brian Linzy on his back for the brilliant response he gave.

Mr. Austin, Principal, poses for his picture while carrying on a conversation on the telephone.

The 1991 IPS Teacher of the Year, Dr. Hignite, has been at Manual High School for 25 years. He was nominated for teacher of the year by Manual's staff and was selected through the IPS committee. Dr. Hignite organizes three groups: the Clean Team, which does skits for 4th and 5th graders; Indy Snowball, which has three day lock-ins with leadership training and listening skills; and Natural Helpers, which gets involved in many school activities by helping others and working in the community.

Dr. Hignite thinks that Manual is the best in the city. He also thinks we have the best quality of students.

Congratulations!

Mrs. Clay critiques Billy Adams' work. Critiquing art work is an important part of instructing students and helping them set future goals.

113

Ms. Clay is head of the art department at Manual High School. She has been teaching at Manual since 1964. She left Manual in 1970 then returned again in 1987 as the art department head.

"Manual's art students have always been very special to me, and I'm still in touch with students that I taught in the sixties. One student I had, Richard Patterson, now teaches at Herron School of Art."

"I always wanted to be an artist," replies Ms. Clay. She tries to find as much time as possible outside school to work on her painting. Her paintings are done in her studio

where she can paint and listen to classical music.

Ms. Clay has several talented students this year at Manual and she hopes they will all prepare portfolios for entrance into art school. Last year three EMHS art students received scholarships in art.

Two years ago Ms. Clay received a grant from Lilly to paint oil landscapes of Indiana. These paintings are now on display throughout the walls of Manual High School.

G • O • L • F TEE OFF

The boys' golf team had a winning season with 10 wins and 5 losses. They placed 3rd in the IPSAC and 6th in the City Tournament with a score of 366 points. The conference record was 8 wins and 2 losses.

There are two seniors that will not be returning for the 1992 season. Most of the team will be returning for an exciting and hopefully a winning season next year.

The girls' golf team had a

total of 3 players. Senior Candice Powell, who also is captain of the team, senior Missy Leap, who had the lowest combined score of the team. In golf this means best score overall. The other player is Kelli VanMeter.

The team will be losing two seniors. Hopefully, there will be more try-outs for next season.

TIME OUT ON THE MOUND

The 1990-91 Varsity Softball team had its ups and downs. At the IPSAC conference their record was 3 wins and 3 losses. In the City Tournament they defeated Tech at 11-3 to go on to play Scecina which in turn beat the Softball team 20-8.

Although, the girls had a rough season, and a small team they still fought hard to pull through with the 3 wins and 18 losses. This year the

team will be returning with the loss of only 1 senior, Renee Berry. Most of the girls will be hoping for a better seasonal outlook.

B • A • S • E • B • A • L • L OUT OF THE PARK

The 1990-91 varsity baseball team did not have a very good season on their new field. The team finished with a record of 4 wins, 18 losses and 2 ties. At IPSAC their record was 3 wins, 2 losses and 1 tie. This was a great turn around from the season they had just played.

The varsity team did not progress as they had hoped to during the season. Coach Rosenstihl and the players

both anticipated a higher winning season for the team.

Mr. Flis' JV baseball team had a season record of 6 wins, 10 losses and 1 tie. At IPSAC they had a record of 6 wins and 1 loss to finish off their season. Hopefully, these players will be returning to play on the varsity team for next years season.

The 1991 boys cross country team finished a great season with 13 wins and 3 losses. Manual was the City runner-up and IPSAC conference runner-up. They placed 6th in the sectionals.

The most valuable runner was sophomore Vernon Morgan, who went from sectional, to regional, to Semi-State and finally placed 41 out of 135 runners with a time of 16:00 at the State championships.

Chad Phillips and newcomer David Chapman consistently placed well in dual competition. Senior David Milburn was the most improved runner.

There are only three members on the girls cross country team: Christie Zimmerman, April Edwards and Jenny Boles. The team hopes to have more participants next year.

SLAM IT FOR POINTS

Manual's volleyball team finished the year with 10 wins and 6 losses. The team was undefeated in season play against all IPS schools.

In the IPSAC tournament, Manual placed second as they lost one game to Broad Ripple, but the highlight of tournament play came when senior Lee Anne Thomas served 11 straight points against Howe to bring them back from a 7 point loss.

In the Sectionals Manual lost to Beech Grove, and in the City Tournament they lost to Roncalli.

The conference record was 17 wins and 3 losses. Next year will hopefully be a even better year.

GET 'EM REDSKINS

The Manual Redskin Varsity football team opened the 1991 season with a hard fought 12-6 victory over the Arlington Golden Knights. Manual lost to Broad Ripple during the homecoming game by three points in overtime.

Manual had an overall season of fun and good sportsmanship. Even though they finished the regular season play with four wins and six losses.

For the first time in years, however, Manual was able to advance to the semi-finals of the 4A Sectionals by defeating Anderson's Madison Heights with a 14-0 victory. The Redskins met Mooresville in the semi-finals and lost with the score of 6-27 to end a disappointing but exciting game. Hopefully next year the team will do just as well if not better.

W•R•E•S•T•L•I•N•G OUT FOR A WIN

This season "the Skins" stayed tough as they finished the season with a 20 win-8 loss dual meet season. The highlight of the dual meet season came as the "Big Red Machine" overpowered Southside rival and state runner up Perry Meridian by a score of 35-34.

Next came the IPSAC championships. Manual won the IPSAC for the second year in a row. Individual titles were won by William Johnson,

Jamie Brickley, and Mike Glenn.

The highlight was the state tournament series in which Manual won its second straight sectional championship, qualifying 7 wrestlers for regional competition.

Winning sectionals titles were Lanon Bradford, David Walls, Jamie Brickley, William Johnson, and Thurman Eldridge. Mike Glenn ended the year competing in the State finals.

FLYING THROUGH THE AIR

The 1991-92 varsity and junior varsity teams had a season of ups and downs.

A few of the highlights for the varsity team was Coach Belser receiving his 300th victory and being named Channel 8's team of the week.

The varsity team will be losing some of their members because they will be graduating this year.

Although they will be

losing some members, most of the team will be back next season and ready for action.

This year's junior varsity team coached by Pat Craig, had a rough season. They lost and won some hard fought games. Next year the players and coaching staff will be back and eager to have a marvelous season.

G•I•R•L•S B•A•S•K•E•T•B•A•L•L CHALLENGING SEASON

The 1991-92 girls' varsity and junior varsity teams had a season of ups and downs. The teams played a hard season, but it always didn't go as they planned. Although both of the teams fought hard in each of their games, both went winless for the season.

Next season the varsity team will be losing two of their best players. Gina Allen and Yommier Thomas,

both whom are seniors, will be graduating in June. Hopefully, the newcomers to the team will add depth and talent to lead the Lady Redskins to a terrific season next winter. Now that the junior varsity has had a little more experience, they will continue to improve enough to have a fantastic season next winter.

F•R•E•S•H•M•E•N LEARNING SPORTS

From Steve Bastin to Rick Woods, this year's freshmen football team has some of the best players in the City. Despite some unfortunate losses, the 1991-92 freshmen football team has done the best many years.

However, without thier coach, Coach Deal, their team would have definitely not have been what they were this year.

The freshmen basketball team finished their regular

season play with a great record of 10-4. Leading scorer was Brian Bundy, closely followed by Hopgood and Ware.

Rush is now playing varsity, and Bundy and Ware are helping out the junior varsity team.

All of the players on the freshmen team have already done a great job. We look to see more of them.

by Brandon Ford
and Doug Hopper

Here is our varsity, Junior varsity, and Freshmen cheerleading squads.

KEEPING THEM MOVING

The cheerleaders and wrestlerettes are one way to keep our Manual men moving

Some of the cheerleaders go to summer camps to learn their skills; others may learn from the more experienced members of the squad. Their season lasts from August until March; in this seven month's time, the girls are very busy.

It does take a lot of time, patience, and strength, but the

girls manage the task every year.

The wrestlerettes don't have as much responsibility as the cheerleaders, but they are just as important. The wrestlerettes have to set up and take down for the wrestling meets, and they help the guys stay on their high spirits.

From freshmen to senior, the very talented girls have what it takes to be a cheerleader or wrestlerettes.

As the saying goes, "It's a tough job but someone has to do it," and they're just the ones for it.

by Tiffany Ferguson

How sweet it is! The players, the coaching staff, and the cheerleaders pause for a moment from their celebrating...but they still can't stop smiling!

Yes! It's really truly true! Manual realizes that they did beat Perry Meridian 46-45.

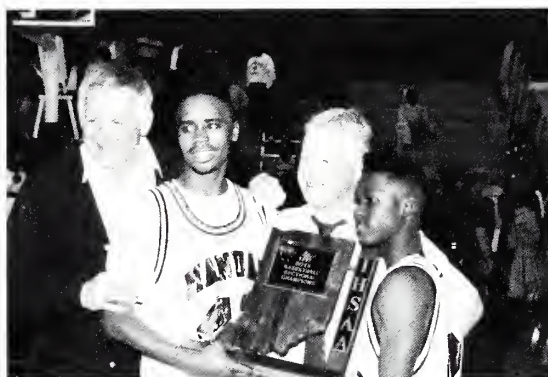

There's nothing like the team ball, a Sectional trophy and a piece of string to keep the memories going.

Mono Ford shoots another successful field goal. Ford, senior, and junior Willard Johnson were both named to the Southport All-Tourney Team.

Willard Johnson cuts off a piece of the net after Manual defeated Perry Falcons for Sectional Champs.

Athletic Director, Ray Shultz, Larry Lloyd, Coach Belser, and Muhammad Johnson pose with the 1992 Sectional Championship trophy.

S•E•C•T•I•O•N•A•L•S VICTORIOUS!!!

The varsity basketball team takes Sectionals. On Friday, March 6, Manual played Decatur Central. The game had the fans on their feet to help lead the team to their victory with a score of 61-57.

With this win, the Redskins advanced to play the Perry Meridian Falcons. This game started with the first point scored

by Mono Ford at the free throw line. At the end of the first quarter, Manual was leading the game 14-9. The Falcons came out strong and took the lead. Mono regained the lead with four free throws. Larry Lloyd took his free throws for 45-42 lead with 22 seconds remaining. Muhammad Johnson made the game-winning

toss at the free throw. The game score was 46-45. After the game the, Redskin team climbed a ladder to get a piece of the net.

The Redskins advance to regionals at Butler's Hinkle Fieldhouse.

Have a great summer! When you do get bored, don't forget to pick up a book and read. See you next fall.

From: Mrs. Rabourn

To: Mrs. Braden and Mrs. Waggoner

It's been a rough year, but I appreciate all you have done to keep the Media Center going.

From: Mrs. Rabourn

“...And I'll get my student loan from TCU.”

There's nothing make believe about the cost of a college education. But a low interest student loan from Teachers Credit Union can turn your dream into reality. That's one of the rewards of belonging.

One of the most important rewards of belonging to Teachers Credit Union is the eligibility to apply for a student loan. TCU was founded 60 years ago with a commitment to education and that commitment is just as strong today.

That's why TCU wants to help Credit Union members with the dream of a college or vocational education realize their ambition. By offering student loans that are easy to apply for, easy to receive and easy to live with.

We realize there's nothing make believe about the cost of an education. So we're committed to helping our members make their dreams a reality.

TEACHERS CREDIT UNION

What Is A Fifth Third Bank?

Monument Circle Banking Center

120 Monument Circle, Indianapolis, IN 46204
(317) 464-2300

Hours: 7:30 am - 5:30 pm Monday-Friday

FIFTH THIRD BANK
OF CENTRAL INDIANA

"The Only Bank You'll Ever Need!"

Over a century ago there was a Fifth National Bank and a Third National Bank. The merger of these banks resulted in one of the nation's most successful financial institutions. Fifth Third represents a blend of traditional banking values and a progressive approach to customer service. This approach includes Fifth Third's unique relationship banking package of financial services. With the exclusive One Account Plus+, you get free checking*, a free Fifth Third credit card**, and even reduced rates on installment loans.** The more you bank with Fifth Third the better it gets.

*With required balances
**Upon qualification

- Cheif Photographer: Mandi Ott
- Photographers: Doug Hopper, Carrie McBee, Sharon Kelley, Brea Middleton, Amy Guy, Lori White, Brandon Ford
- Staff Members: Michele Fabian, Tiffany Ferguson, Sharah Gomez, Amy Harris, Sandra Inman, Wendy Linville, Natasha McCloud

This year has been an experience for the both of us as co-editors. We've tried our hardest to make the yearbook the best possible for our fellow students to enjoy. It was not the easiest job, but we made it through.

We would like to thank Herff Jones for the publication of the yearbook, and Chris Frick for all his help with the computers and layout ideas. We would also like to thank Prestige Studio for taking over senior pictures and Interstate Studio for underclassmen pictures. Finally, we would like to thank our adviser Miss Copher for being so understanding through all the late working days to finish deadlines; We appreciate her experience. Without her the yearbook would not be.

Co-editors,

Jennifer Lakstins and Tonja Hughes
